PARIVARTAN
FOUNDATION

India has 61 million Diabetics between the age of 20 - 79 years. It is estimated that by 2030 8.4% Adult population of India shall have Diabetes or you can say there will be 101.1 million diabetics in India. One in every 3 person in Maharashtra suffers from diabetes. There is an increase of 76%, in the cases of diabetes in the current year says, Mumbai Municipal Corporation.

OUR OBJECTIVES

Drive change at all levels, from local to national, to prevent diabetes and increase screening and awareness regarding Diabetes. Early detection of diabetic complications by screening people with diabetes. Conducting Seminars and workshops to provide diabetes education and counseling on reducing risk factors and changing life styles.

Becoming an events volunteer is an exciting new way to volunteer with Parivartan Foundation, and will give you the opportunity to help raise awareness of how serious diabetes is. Events volunteers help out at the events, seminars, workshops and road shows that we attend all across Bhiwandi. As an events volunteer you will be working with Parivartan Foundation, talking to members of the public and handing out information about diabetes. You don't need any previous experience or knowledge about diabetes, we will provide you the information and knowledge about diabetes. We will pay travel and meal expenses for each event you attend.

It is a great way to get out and meet people, raise awareness about diabetes and attend some fantastic events.
